HANNAH R. ALCORDO

Information Technology Intern

alcordo.hannah0317@gmail.com · 09857901425
Mayacabac, Dauis, Bohol 6339, Philippines

TECHNICAL SKILLS

- Flutter Mobile App Development
- Machine Learning Integration
- Technical Documentation
- Debugging and Testing
- Microsoft Office (Word, Excel, PowerPoint)
- Google Workspace (Docs, Drive, Sheets)
- Basic Hardware Troubleshooting
- Basic Networking Concepts
- Creative Problem Solving
- Attention to Detail

PROJECTS

intelCourse – Adaptive Learning Mobile Application

- Developed a Flutter-based application that converts PDF and DOC files into personalized learning formats
- Enabled users to transform study materials into preferred learning styles for improved comprehension
- Automated document-to-learning conversion to reduce manual note-taking time
- Designed intuitive UI for selecting learning formats and navigating generated content
- Improved study efficiency by delivering structured and accessible learning outputs

Ingredish – Machine Learning Ingredient Detection App

- Built a Flutter-based mobile application that detects ingredients using photo or live camera input
- Implemented image recognition model for real-time ingredient identification
- Generated recipe recommendations based on detected ingredients using a structured CSV dataset
- Matched identified ingredients with stored recipe data for automated meal suggestions
- Designed user-friendly interface for quick ingredient scanning and recipe viewing

EDUCATION

College Level
Bohol Island State University - Main Campus | 2023 - PRESENT
CPG North Avenue, Tagbilaran City, 6300 Bohol
Bachelor of Science in Computer Engineering

Senior High School Level
Dr. Cecilio Putong National High School | 2021 - 2023
78 Carlos P. Garcia Ave, Tagbilaran City, 6300 Bohol
Science Technology Engineering and Mathematics Strand

Junior High School Level
Dr. Cecilio Putong National High School | 2017 - 2021
78 Carlos P. Garcia Ave, Tagbilaran City, 6300 Bohol
Computer System Servicing Major

Elementary Level
Cogon Elementary School | 2016 - 2017
San Jose St., Cogon District, Tagbilaran City, 6300 Bohol

Elementary Level
Dauis Central Elementary School | 2011 - 2016
Poblacion, Dauis, 6339 Bohol

RELEVANT COURSEWORK

- Object-Oriented Programming
- Data Structures and Algorithms
- Database Management Systems
- Software Engineering
- Operating Systems
- Computer Networks and Security
- Microprocessors
- Digital Circuit Fundamentals
